

Friends of the Franklin County Farmers Market 2024 Sponsorship Opportunities

Contact: Heather Housman
Coordinator, Friends of the Farmers Market
heather@franklincountymarket.org

The Friends of the Farmers Market is the friend-raising and fundraising arm of the Franklin County Farmers Market. The Friends organization's support makes possible the market's Kids Days, Double Dollars program and food access work, and additional fun and educational programs for the community.

Our Welcome Table Sponsorship and Kids Day Sponsorships are full for 2024. These opportunities are still available:

Market Banner Sponsor (\$350)

These banners hang on the fence along Wilkinson Blvd. during the market season and celebrate your support of the farmers market. Sponsors have a selection of market-themed designs to choose from.

South Frankfort Food Share Supporter (\$250)

The Food Share allows people of all income levels to access fresh, local produce at affordable, sliding scale prices with the goal of increasing fresh food security in our community. Sponsors help keep shares affordable while paying farmers fairly and support food and fun activities at the Food Share events.

South Frankfort Food Share Sponsors are recognized in print and online outreach, including on signage at the Market and at South Frankfort Food Share events.

Friends of the Farmers Market Business Supporter (\$150)

By being a Friends of the Farmers Market business supporter, you support the food access programming, Kids Days, and other fun and educational activities taking place at the Franklin County Farmers Market.

Friends of the Farmers Market business members receive a sticker to display at their business, recognition in the market newsletter, and their name on the Franklin County Farmers Market website.

Additional offers of sponsorship and support welcome!

Interested in supporting farm to school programming or our local community gardens or more? We are happy to talk!
